Designed by Adolf Loos, a pioneer of modern architecture in Vienna and quite a controversial figure in his days, this small, atmospheric bar has been one of the city's architectural centrepieces for more than a century. Though the bar doesn't serve food, its drinks are superb. The skilled bartenders can knock up a classic cocktail or several and the menu runs to six kinds of martinis, plus five kinds of Manhattans. Initially it was used as the drinking room of a private gentlemen's club, but today it is open to all. Quentin Tarantino named a character in Kill Bill: Vol. 2 after one of the barmaids; and if imitation is the sincerest form of flattery, the recent opening of a bar in tribute in Manhattan tells you all you need to know.
